It is only a matter of time before the dealers figure out how to read the tuned vehicles, if they don't already.. 97 I've ever spent on a vehicle!!! It has a bunch of different adjustable settings but I found the 'Performance Tune' to be great for now.. How can a person go wrong Oh, and GM made the perfect spot to store it right under the rear seat behind the driver.. Perfect little hole that holds it in there Just in case you are out running around and want to 'play' with it.
